## Company Overview

Clegg Industries, Inc. is a Texas-based manufacturer specializing in the design, engineering, and fabrication of **custom mobile infrastructure solutions**. The company produces durable, mission-ready trailers, containerized facilities, and specialty equipment platforms used by government agencies, municipalities, emergency response organizations, and commercial clients.

Our team provides **turnkey manufacturing services** including engineering design, structural fabrication, systems integration, and final assembly. Each system is designed to meet the client's operational requirements while ensuring reliability, mobility, and long-term performance in demanding environments.

---

## Core Competencies

### Custom Mobile Facilities & Trailers

- Incident command trailers
- Search and rescue command units
- Education and outreach trailers
- Mobile office and field operations units
- Specialty cargo and equipment trailers

### Containerized Systems

- Modified ISO container facilities
- Mobile command and communications units
- Technical and operational workspaces
- Rapid deployment field support modules

### Engineering & Systems Integration

- Power systems and generator integration
- Electrical distribution and lighting systems
- HVAC and environmental control systems
- Interior workspace fabrication and equipment installation

### Fabrication & Manufacturing

- Structural steel fabrication
- Trailer chassis and frame manufacturing
- Stainless steel tank fabrication
- Precision welding and assembly

## Clegg Industries Capability Statement

---

### Differentiators

- **Custom-engineered solutions** tailored to mission requirements
  - **Turnkey manufacturing** from concept through final delivery
  - **Rugged, field-ready construction** designed for transportation and deployment environments
  - **Flexible small-business responsiveness** for specialized projects
  - **Extensive fabrication expertise** supporting unique government and industrial applications
- 

### Past Performance / Relevant Experience

Projects delivered by **Clegg Industries, Inc.** include:

- Custom mobile command and incident response trailers
- Education and public outreach trailers for water districts and municipalities
- Heavy-duty equipment transport trailers
- Containerized mobile facilities for field operations

All units are designed for durability, mobility, and operational functionality in field environments.
